INDIA VICEROY'

In a motherly manner, Mrs. Hoover added much to the gayety of the Christmas party. It was she who suggested that the organ play while the packages were being distributed. It was she who warned the mothers of little babies not to let the dazzling lights of the camera men shine into infant eyes. If

TRAIN BOMBED

New Delhi, Dec. 23 (AP)—Negotiations of India's political future between the viceroy and the Indian Nationalist leaders including Mahatma Gandhi were stated today to have broken down on the matter of question of dominion status.

Delhi, India, Dec. 23 (AP)—An attempt today to assassinate Lord Linlithgow, viceroy for India, failed when a bomb placed on the road between tracks 10 miles from here exploded before a coach containing the viceroy and his party passed.

As the life who thought of the boys and girls that home with cold, who couldn't come out in the wet snow-fall, and she told Santa to wish a special Merry Christmas to them, to be taken home by their playmates.

She asked for details of all that had been done for the enjoyment of these little boys and girls who love her parties. She was told of the Christmas pantomime fairy play that they had seen, of the care that had been taken in choosing the clothing and the toys in those pretty bags.

The new Episcopalian marriage service which was read does not make the bride promise to obey her husband or to follow him into the groom to promise to endow his bride with all his worldly goods.

"I do honor," says the minister, "and keep him in sickness and in health, forsaking all others."

Mother Kills Three Children and Self

Oswining, N. Y., Dec. 25.—Despondent and nerveless, Mrs. Charles E. Culp killed herself and three children by shooting them last night at their home here.

Friends knew he would attempt to make good, the utmost precautions were taken to prevent anything from the "insane block" of the hospital. Over a period of 30 years in the city of Oswining, where he had a record of 29 escapes from it.

Following the murder of Dr. Saitwell, however, he found escape more difficult. He has been confined on several occasions, once with a knife in his hand. In the hospital found a hawkeye concealed in a loaf of cake sent to him. La-

Weeden was adjudge insane more than 30 years ago after the death of his wife, Mary Ann Weeden, Miss Daisy Childers of Cranston, R. I., who was married to him. She was never regarded as dangerous until he killed Dr. Saitwell.

Big Songfest

New York, Dec. 25.—New York will have its largest songfest throughout America and to aid the world Tuesday night at a big songfest in Madison Square park.

One man was injured in the explosion, which occurred between the dining car that the vice-regal party had left only a few minutes before. The coach occupied by Lord Irwin was about three to four feet of the train.

The train did not even halt, but continued to Delhi, where Lord Irwin had important appointments with leading Indian Nationalists among them Mahatma Gandhi and Motilal Nehru, Swaraj leader and Sir Tej Bahadur Sapru, Lok Sabha leader. After speaking to the injured man the viceroy left immediately for his official residence where he was to meet them.

SMILE FOR POPE

Vatican City, Dec. 23 (AP)—The shrill squeals of whistles resounded strangely among the Vatican's marble walls this afternoon when Pope Pius granted an audience to a Scottish pilgrimage that came for the beatification ceremonies of Father John Ogilvie yesterday.

The delegation, which was headed by the Archbishop of Edinburgh and the Bishop of Glasgow, included a large number of Scottish Boy Scouts in kilts.

Three young daughters here. The tragedy was disclosed when the husband returned to their home from Sing Sing, where he is a guard.

The windows of the apartment were clamped and sealed. Gas jets in the kitchen range were turned on full and the bodies were stretched on the kitchen floor as if in night clothes.

Christmas Divorces
Banned in Chicago

Chicago, Dec. 23 (AP)—No divorces in Chicago tomorrow. Christmas Eve, an occasion which Judge Joseph Sabath does not believe coincide with the spirit of divorce.

It was recalled that a similar attempt was made exactly 17 years ago today on Lord Hardinge, the viceroy, when a bomb was thrown at him as he was entering Delhi state, wounding him seriously and killing an attendant.

His illness, after paying a brief tribute to the memory of Father Ogilvie, asked the pipers to skirl away on their bagpipes. They responded lustily, and then the pilgrims chanted a hymn in Scotch dialect. The Pope smiled and seemed pleased with the unusual concert.

Chairman Frank A. Brooks of

He disclosed that Judge Sabath, who has granted many thousands of divorces, said his ruling court session tomorrow would be devoted to an effort to effect reconciliations—whether the waiting parties want to or not. Judge Sabath said he will make them "think about it over Christmas."

Rescues Two in Plunge of Auto

Dover, N. H., Dec. 23.—Herbert E. Kimball, Harry C. Wells and Lloyd A. Perkins all of Dover, were imprisoned in an overturned automobile. The car, owned and driven by Kimball, jumped an ice rut on the Cambridge highway and beyond

parade was denied by Gov. Fuller. The four Worcester men were arrested in 1904 by Judge Lummus in Northampton. Superior Criminal court is not less than 14, more than 20 years ago. Their fight for release has been led by George H. George R. Stobbs of Worcester.

ALL INDIA EXCITED

There is great political excitement in India this week because of the vice regal-nationalist conferences and opening of the all India congress at Lahore on Thursday.

The bombing was only the latest of a series of attempts made to murder Irwin's life. A bridge was burned last April in front of the train on which he and Lady Irwin were traveling shortly after he had delegated new unusual parliamentary powers to himself.

On May 21, 1926, Marlborough was sentenced to five to eight years for breaking and entering and larceny and escape from Worcester jail. He was then on parole from State Prison where he had served four and one-half months of a five to six year sentence.

On May 19, 1927, in Worcester County a habeas corpus for five to eight sentence was revoked. He was then given two and one-half

Young Bad Check Suspect Is Quizzed

James Douglas, 24-year-old Chestnut st., Dorchester, arrested in the Upham Corner Market, Dorchester, Saturday, was brought to police headquarters today for questioning in connection with worthless checks.

He is charged with attempting to pass a worthless check at the market, and is wanted by Jamaica Plain police on a similar complaint.

1929 REVEALED WONDERS IN CHEMISTRY

Washington, Dec. 23 (AP)—In previous human life and many other notable achievements, chemistry made spectacular advances during 1929, according to the Journal of the American Chemical Society.

"The chemical laboratories of 1929 mirrored a long list of conquests in aiding aviation, in revising old concepts, in building up industry at home and abroad, in developing for American men of science a world-wide system of advancing chemical literature and in effecting industrial co-operation. The summary said:

YEAR OF ACHIEVEMENT.

"It was the year of the Great Zeppelin's flight around the world, of light's motion joined in honor of Edison's first model electric lamp, of the death of Baron von Helmholtz, who among other things made the gas light of yesterday practicable.

"It was also the year when physical chemists, breathing hard in the trail of the mathematical physicists leading into the land of wave mechanics, found that the once fundamentally simple gases, oxygen and hydrogen, were, after all, only mixtures of isotopes."

During the year, the article continued, the Bureau of Standards announced the production of a self-extinguishing cigarette and a fire proof match, the stock market crashed, and even coal was made blue.

BLUE CIGARETTE LOSS
Five ends of cigarettes cause an annual loss of \$500,000,000 in the United States.

"Whether the countless followers of Sir Walter Raleigh will consent to smoke self-extinguishing cigarettes is another matter, however. The two greatest achievements of 1929 in the chemistry of life, the cure of the malaria and the synthesis of the respiration ferment, according to the Journal.

Death Cuts Short

Child's Xmas Joy

New York, Dec. 23 (AP)—Death and Santa Claus walked arm in arm into the life of five and a half year old Alexander Maximina. The boy had received his most earnestly desired Christmas present, an aviator's uniform in a glowing case. He pulled his hands from his father's and dashed into the open at Fourteenth street and Avenue C where his new found glory would be visible to everyone. A taxicab cut short his joy. His body was hurled ten feet and the taxi soon on before its license number could be noted.

Baroness in Toils

Baroness Theresa von Rotenkoller, also known as Virginia Ruski, who has been arrested in New York charged with breaking parole from Bedford Reformatory, to which she was sentenced three years ago for vagrancy. Meanwhile she is suing for separation, \$12,000 monthly alimony and \$75,000 counsel fees. (International Newswire photo.)

\$4,000,000 OF FUND SPENT

Chicago, Dec. 23 (AP)—The Julius Rosenwald fund distributed \$4,000,000 during 1929 for "the wellbeing of mankind." It was revealed in the fund's annual statement.

According to Edwin R. Embree, president of the fund of \$20,000,000 which the Chicago philanthropist set aside for "mankind," one-fifth of the year's expenditures was used to build 553 negro rural schools. The fund has aided 429 negro schools to 118 counties in 14 Southern States.

Other expenditures for 1919 included \$250,000 to University of Chicago clinics; \$150,000 to the Massachusetts General Hospital; \$200,000 to Howard University; \$200,000 to Fisk University and \$100,000 each to Morehouse and Spelman Colleges in Atlanta.

HEARS ARNOLD'S MOVE TO END DIVORCE CASE

New York, Dec. 23 (AP)—A settlement out of court was reported under negotiation today in connection with the marital difficulties of Ray H. Arnold, multi-millionaire and his wife, Bess Arnold, formerly of Los Angeles and Washington, D. C.

Each had brought a divorce action against the other. A jury found Arnold guilty of misconduct with Mrs. Margaret Crenshaw West, but disagreed as to whether Mrs. Arnold was guilty with Charles Mann, Jr., her attorney.

Counsel for both sides today declined to discuss the matter. Max D. Steur was added to counsel for Arnold.

Briefs were submitted to Supreme Court Justice Philip C. Jessup by defense counsel to set aside the verdict and declare a mistrial.

Counsel conferred for an hour in the judge's chambers. The court said a decision on the motion would not be made for some time.

In addition to the divorce action there are pending other suits against Arnold, involving millions of dollars. These include demands for accounting of his property.

PICK BASE FOR EIELSON HUNT

Nome, Alaska, Dec. 23 (AP)—Establishment of a gasoline base at or near Cape Serge, Siberia, to serve aviators searching for the missing Fliers, Carl Ben Zieglon and Earle Bortland, is expected within a few days.

Pilot Frank Durbandt planned to hop off from Teller today with a load of gasoline if weather permits. Pilot Ed Young and Gus Masie hoped off from Teller yesterday with supplies for airplane and dog team searching parties.

Pilots Harold Gullam and Joe Crosson already had reached the ice-bound trading ship Naumik, at North Cape, Siberia, to which Eielson and Bortland were flying, when they became lost six weeks ago.

The neighborhood of the Naumik was chosen as a base from which to conduct rescue operations.

Pastor Abused by Autoist in Crash

Somerville police today were seeking a motorist who after running into an automobile operated by Rev. Stephen C. Lang, pastor of the First Congregational Church, profanely abused him. The crash occurred at Pearl and Cross sts.

No Xmas Spirits, or Joy, in the Ozarks

Miner, Mo., Dec. 23 (AP)—Wails of genuine anguish are coming in from the Ozark hills in the wake of the sudden cold snap. For many all the joy has been taken out of the Christmas season.

To make a long story short, this Christmas will be remembered as "the year the maul froze."

Manufacturers of the illicit beverage, so the report is, had just "had out" their mixture of sugar, corn, yeast, or whatever the ingredients may be, when the mercury

skidded dizzily to zero or thereabouts. Thousands of gallons of maul have been "killed" by freezing and the majority of the makers "plunked" to use their own expression.

47 "Reds" Are Seized
Bucharest, Dec. 23 (AP)—Forty-seven Communists were arrested today after clashing with gendarmes when they were denied the right to meet.

Robbed Man Shouts, Arrested as Drunk

Not only was he robbed of \$500 by James Murray of Tremont st., Lynn, was arrested because he shouted about it.

Murray awakened to see a man rifling his trousers. He shouted and the thief ran. The shout brought the landlord, who called the police and told them Murray was drunk.

The police took Murray to the station but released him when he convinced them he was the victim of theft. The money stolen was part of \$500 Murray received as an insurance for the loss of two fingers in a recent accident. The thief didn't have time to locate \$500 in the watch pocket of the victim's trousers.

Dear Goodfellow Editor: Mrs. G.

I am afraid that there will be
no Christmas for my family this
year. I have just had a baby girl
and my husband lost his job be-
cause he had to take care of me
and the six children while I was
in bed. Three of the children
have to stay home from school
as they haven't any clothes to
wear. We have no wood or coal
and hardly enough to eat. We
were asked to move, but how can
we, without money? My husband
is so worried about us that I de-

Duck Is Delicious Cooked by This Recipe

THE handwriting on the wall of our local markets tell us that duck is going to be reasonable this Christmas and from the inquiries in my mail many of you originally have decided to have a duck dinner on the holiday. Certainly nothing is more delicious.

Decorations for Table

HOLIDAY fruit and nuts shaded by tall, 1 candelas and encircled with flat holly leaves make the most charming table decorations.

One that is very easy to copy is arranged with the center bowl beamed high with apples, oranges and grapes. If the bowl is green and stands on a stand, so much the better. Half way between the bowl and the ends of the table place two smaller green bowls, one filled with nuts and the other with fruit.

Four tall red candles in green glass candlesticks surround the bowl of fruit.

Macaroni Prize Cookers

WE must not forget to express our thanks to Mr. M. L. Mack of the Tolly Company for the two Poult's Macaroni Cookers, which he presented to our Wednesday afternoon class graduates as prizes. These aluminum cookers furnish an ideal way of cooking macaroni, greens, or any other steamed food. There is a perforated insert which fits in the shining aluminum kettle, making it easy to drain the food quickly and conveniently and also makes it possible to use very little water—and we all know the importance of conserving these vitamins.

We really quite envied the two fortunate winners of these handy aluminum cookers, and I am hoping that Mr. Mack will use this and send us one for the Martha Lee Kitchen.

CANOEFLAGE CANNED MINCE MEAT

Pepp up the canned mince meat and come in so handy at Christmas for those who haven't time to make their own, with a can of cranberry sauce and an equal quantity of preserved strawberries or strawberry jam and see how much zest and flavor is added! Combine it with Martha's Flaky Pie Crust and no one will guess that you did not bake and brew the mince meat all yourself.

FOR POPOVON BALLS

For Popovon Balls roll 1 cup sugar with 1 cup white corn syrup until very brittle when tried in cold water (200 F.). Add 1 cup baking soda and then mix in the popped corn until the corn is well covered. Rubbing butter your hands and press into balls. Wrap in wax paper. If you use the canned popped corn that's guaranteed to pop, the popovon balls will be extra fat and fluffy.

ANY-MINUTE MINCE MEAT

Mix together 1 cup of chopped apple, 1/2 cup of seedless raisins, chopped, 1 1/2 cup of cleaned currants, 1/2 cup of butter, 1/2 cup of molasses, 1/2 cup of boiled cider, 1 cup of sugar, 1/2 cup of cinnamon, 1/2 cup cloves, 1/2 cup nutmeg, 1/2 cup mace, and 1 cup of salt. Molasses with the stock in which the meat was cooked, bring to the boiling point and simmer for 1 hour. Then add 1 cup of chopped meat and 1/2 cup of barley jelly and cook for 15 minutes longer.

Stuffing for the Goose

If you're going to have roast goose as the piece de resistance of the holiday dinner, I hope you will select one of the following two stuffings, either of which I recommend with my best wishes for a happy holiday.

ORANGE SAUCE

3 tbs. butter.
1/2 cup flour.
1 C. milk.
1 C. sugar.
2 grains cayenne.
1/2 tsp. salt.
Four tall red candles in green glass candlesticks surround the bowl of fruit.

A flat wreath of separated holly leaves is arranged in the center of the center bowl and the two smaller bowls. Two small painted stars in the holly give the needed color. Small red early buds mounted with candy on green glass trees make attractive dinner souvenirs at this year's place.

PEANUT DRESSING FOR ROAST DUCK

1/2 c. cracker crumbs.
1/2 c. peanuts chopped fine.
1/2 c. heavy cream.
1/2 c. butter.
Few drops of onion juice.
Salt and pepper to taste.
1/2 tsp. poultry dressing.
Mix the ingredients in this order and stuff the duck loosely.

HOLIDAY DESSERT

1 1/2 tbs. gelatine.
1/2 cup cold water.
3 eggs.
1/2 cup sugar.
2 cups milk.
2 tbs. lemon juice.
1/2 cup cherry juice.
1 cup crushed macaroni.
1 cup cherries.

1 1/2 tbs. gelatine in cold water for 5 minutes. Separate eggs; slightly beat yolks with sugar; add milk and cook in double boiler until mixture coats a spoon. Remove from fire, add soaked gelatine and stir until dissolved. Add lemon and cherry juices. When cool, fold in stiffly beaten egg whites and pour over crushed macaroni. Turn into mold and chill. Serve garnished with cherries.

STUFFED ONIONS

Remove the skins from medium to large onions. Cut a slice from the top of each and parboil covered with boiling salted water until the onions are almost, but not quite, tender. Drain off the water, turn the onions upside down to cool and then remove part of the centers leaving little onion cups. Chop the onion that was scooped out and add to it equal parts of finely chopped cold meat or chopped green peppers and stale soft bread-crumbs. Season with salt, pepper, butter and molasses with a little milk. Fill the onion cavities with this mixture, place in a shallow buttered baking dish, sprinkle with the buttered crumbs and bake in a moderate oven until the onions are tender.

PUZZLE SLEEPING FOR ROAST

1/2 c. hot mashed potato
1/2 c. soft bread crumbs
1 egg.
1 cup sage.
1 onion, chopped fine.
1/2 c. butter.
1/2 c. finely chopped fat salt pork.
1/2 tsp. salt.
2 tbs. chile sauce.
Mix together the potato, bread crumbs, butter, egg, sage and onion, then add the pork, onion and chile sauce. Stuff loosely.

CHRISTMAS STUFFING FOR ROAST GOOSE

Cook 1 tbs. finely chopped onion in 3 tbs. butter until soft. Add 1/2 lb. of sausage meat and cook for 2 minutes. Then add 12 canned mushrooms, chopped fine, shell and blanch 1/2 c. of chestnuts and cook them in boiling salted water until soft. Drain and mash them, using potato ricer. You should have 1 c. of strained chestnut puree to add to the dressing. Next add 1/2 c. of finely chopped parsley and salt and pepper to taste. Heat to the boiling point and add 1/2 cup of stale bread crumbs, and 1/2 chestnut which have been cooked till whole. Cool this mixture before stuffing the goose.

SWEET POTATO CROQUETTES

2 cups cooked, sweet potatoes
1/2 c. salt
1/2 tsp. cinnamon
1/2 cup milk
1/2 cup milk
1/2 cup milk
Sifted bread crumbs
Press hot potatoes through a ricer. Beat in the eggs, salt, and cinnamon. Let partially cool. Form into shape of cylinders and roll in crumbs. Then in slightly beaten egg which has been diluted with milk. Roll again in crumbs. Fry in hot Crisco, 375 deg. F., until brown.

Whites of 3 eggs
Boil sugar, water and baking powder without stirring until syrup spins a thread (238 degrees)

Weekly Five Dollar Prize to Sharon Housekeeper

If you are not going to have a turkey for Christmas, why not give the family a real treat with the Sharon Chicken which is our 35 prize winner this week? This recipe was sent in by Mrs. Eddie Cochran, of the Cochran Chicken Farm, at Sharon, Mass., and certainly she, if anyone, should know of new and tasty ways of preparing chicken.

She tells us an interesting story of having given up her city home two years ago to join her son, then just out of agricultural college, in chicken farming under government inspection and formulae, and know that all our Martha Lee Women's Club members join me in congratulating her on her success.

OLD-FASHIONED INDIAN PUDDING WITH WHIPPED CREAM

8 cups milk
1/2 cup corn meal
1 tsp. salt
1 cup ginger
1/2 cup dark molasses
Cook 4 cups milk and meal in double boiler for 30 minutes; add molasses, salt and ginger. Bake in oiled pan in oven 325 deg. for about 3 hours. At the end of 2 hours add the other cup of cold milk. The pudding should be jellylike and should have wheyed a bit. Serve with whipped cream.

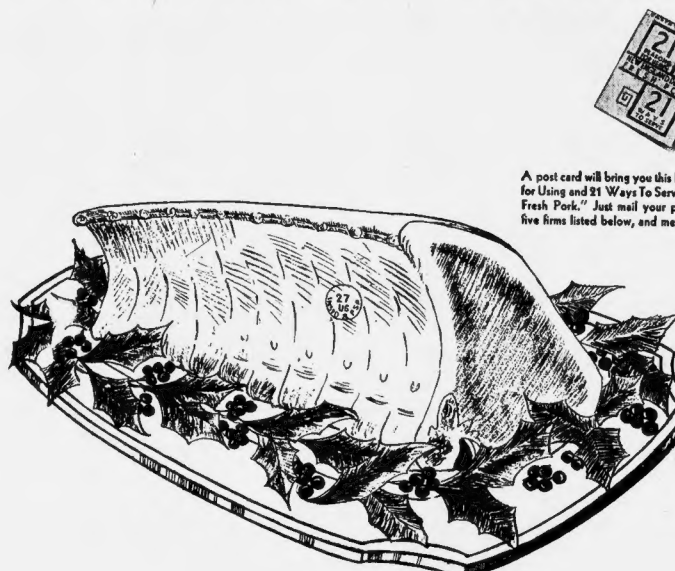

SHARON CHICKEN PIE

Cut up 2 fowls or chickens. Cover with boiling water in which 1 onion has been sliced. Simmer until chicken is half cooked then add seasoning to taste. Simmer until tender. Strain and skim the broth and boil down to 4 cups. Thicken to taste with Cornstarch Flour and water and add 1/2 cup Hood's butter in small bits. Put china cup in center of baking dish, arrange the chicken around it with well seasoned gravy and cover with a rich pie crust or a 1/4 inch thick baking powder crust made with 3 cups Cornstarch Flour sifted with 2 cups Royal Baking Powder and 1/2 tsp. Worcester Salt. Work in 3 cups Hood's butter and 3 tbs. Crisco with finger tips. Add 1 1/2 cups Hood's Milk. Bake in hot oven 15 minutes.

CHRISTMAS BRITITTE

Roll 1/2 cups sugar with 1/2 cups white corn syrup at 310 F., or until it rattles when a little is tried in cold water. Arrange 1 1/2 cups of coarsely chopped mixed nuts on a slightly buttered pan and pour over them the hot mixture.

SUBURBS WILL GET CHEAPER GAS RATES

The announcement of an agreement made by representatives of consumers of the West Boston Gas Company and company officials, whereby a substantial decrease in rates was reached, was today officially confirmed by the public utilities commission.

Effective January 1, 1930, the commission states, the new rates will be a service charge of 50 cents a month, plus a commodity charge of 70 cents a hundred cubic feet for the first 500 cubic feet consumed; thereafter the rate to be 18 cents a hundred cubic feet.

In addition, Needham and Mattick will not have to pay a differential of 5 cents a thousand feet. The present rates for Framingham and Ashland are: Service charge, 50 cents a month; commodity rate, 15 cents a hundred.

In Needham and Mattick the rate for the first 500 feet is 5 cents a thousand cubic feet higher than the foregoing rate.

"Under the rate now filed by the company," the commission points out, "the charge for 1,000 feet of gas is 55 cents lower than the existing rate, for 1,500 cubic feet it is 85 cents lower, for 2,000 cubic feet it is 75 cents lower, for 2,500 cubic feet it is 85 cents lower, and the reduction continues as the consumption increases."

In the towns of Mattick and Needham, because of the abolition of the differential the reduction is somewhat greater.

"In our opinion, this reduction in rates is probably greater than that which we would be justified in ordering the company to put in effect. It is apparent that the maintenance of the new rate and further possible reductions in rates are dependent upon increased consumption of gas by the communities served and upon the good will of those communities toward the company."

Gales and Mishap Delay German Liner

New York, Dec. 23 (AP)—The North German Lloyd liner Cosma docked at her Brooklyn pier today after a rough voyage from Europe, which was further delayed by an engine defect, which occurred just as she took aboard a pilot at the harbor yesterday.

The trouble was in the main propulsion of the starboard engine, which necessitated the aid of tug boats to take her to Quarantine. The vessel was repaired during the night, however, and she proceeded on her pier today under her own power.

Bay State-R. I. Rail Bus in Crash, 1 Hurt

Central Falls, R. I., Dec. 23.—Carrying 35 passengers, a gasoline electric bus of the New Haven railroad left the rails here today, tore up the ties for 100 yards and came to rest on its side against an embankment.

Although all windows in the car were shattered, only one of the passengers was injured, Miss Alice Lord, of Pawtucket, was bruised. The bus was running along the branch line rails between Blackstone and Providence.

Lynn Company Buys Maine Plant

Hallowell, Me., Dec. 23 (AP)—W. E. Haskell & Son of Lynn, Mass., today purchased the interests and lease of the Hallowell factory of James O. Jarner, Hallowell manufacturer, shoe manufacturers.

The factory, which employs 500 persons, has been operated for two years by the latter company, which held a 10-year lease. It was indicated that full time production under the new owners would begin about January 1. The purchase price was not disclosed.

Took Human Life to Go Home for Xmas

Athens, O., Dec. 23 (AP)—Edward Sowards, 21, today admitted the killing of J. S. Bailey, New York farmer, who was shot to death and then beaten with a hatchet.

Sowards, who was arrested at the home of his brother at Champaign, near here, said he killed Bailey to obtain his automobile and money enough to come home for Christmas.

Last Rites for Congressman Kaynor

Africans Fear Snow as 'White Man's Plot'

New York, Dec. 23 (INB)—Finally fished out from beneath banks on the liner Mauritanie and convinced a heavy snow was not a 'White man's plot,' Mutia and Riano, two African aborigines, were

coaxed onto United States soil today.

The two Africans were brought here by W. S. Vandys, Metro-Politan-Mayer, director, for use in filming continuity of the film "Trader Horn," the greater part of which was filmed in Africa.

The Africans were unimpressed by New York's skyline, were impressed to the cold, but were panicked by the snow, which they thought was a plot of the white man to change their color so they could never return to their native tribesmen.

Huerta to Quit Exile From Mexico

Mexico City, Dec. 23 (AP)—The newspaper La Prensa today reported that Adolfo de la Huerta, former president of Mexico, who has been living in Los Angeles, for several years, has planned to return to Mexico in February.

La Prensa adds that Señor de la Huerta has received the government's permission to return. This could not be confirmed, however, at the foreign ministry.

Baby Hurt in Auto Dies

Puimh, Conn., Dec. 23 (AP)—Injuries suffered yesterday when the automobile his mother was driving to drive crashed into a tree proved fatal today to Vincent Schaffler, 14 months old son of Mr. and Mrs. Joseph Schaffler of Waterbury, Mass.

COMMISSIONER REAPPOINTED

Governor Allen today reappointed William A. L. Bazeley of Uxbridge as State Commissioner of Conservation.

The two remaining officials on the holdover list are Civil Service Commissioner Elliot H. Goodwin and William C. Adams, director of fisheries and game.

Opposition to Goodwin has come from politicians and city and town officials who feel that the civil service commissioner has been too strict in interpreting the department rules and regulations.

Adams' trouble has come mainly through his opposition to having advisory committees added upon him. While a few of the sporting clubs are against him, his reappointment has been vigorously enforced by many others, including the Massachusetts State Grange.

Governor Allen also today reappointed Charles A. Southworth of Swampscott as recorder of the land court. Mr. Southworth, prior to his original appointment, was secretary of the Governor's office.

At today's meeting of the Council, he decided not to name at this time any precept for a special election to fill the place of the late Congressman W. Kirk Kaynor of Springfield.

Reynolds May Reconsider and Sign Up for Old Job

HEINIE WAGNER, fighter, has signed up for the toughest job in baseball—managing the Red Sox. Getting that team out of the cellar was beyond the genius of Carrigan, so Heinie is up against something. But he's the type of chap who laughs at difficulties.

Heinie is popular in Boston, and will continue that way, as manager. He saved the best material in the world to work with, but he will get all the baseball that's present out of his head.

For Heinie knows the game inside out, and is a hard headed, fighting sort of a guy in the field. He's quiet and unassuming in the ordinary paths of life. He's a talker, but not much as he should out in a ball game. He's a smart, fast catcher, who makes few allowances for his own stupidity.

He will ride his Red Sox, and he's got the club. He's got the Red Sox, and he's got the club. He's got the Red Sox, and he's got the club.

WAGNER was always known to the fans by his first name. He was known to the fans by his first name. He was known to the fans by his first name.

APRIL AT GOV 9 HOURS LATE
Stanford University, Cal., Dec. 22—Bearing some 120 football players, coaches and aides, the West Point special train reached Palo Alto about nine hours behind schedule.

The late arrival of the cadets was due to the fact that the Palo Alto officials to cancel plans for a reception at the station, and in the train to Bremer hall on the campus. They are occupying the train until next Saturday, when the West Pointers headed for the West Point campus.

Connie Mack Works on 67th Birthday
PHILADELPHIA, Dec. 23—Connie Mack, veteran leader of the Philadelphia Athletics, is 67 today and put in his time in his tower office at Shibe Park.

"I'm not much of a hand for paperwork," said the dean of major league managers, "and anyhow, I have another birthday. I've had a lot of them. It will be an ordinary day in my life, but I think Mrs. Mack is planning a little dinner somewhere and perhaps we will go to a theater. That will be the extent of the celebration."

Mack put an end to speculation that he was retiring, and turning over the managerial reins to a younger man. He has directed the Athletics for 23 years and has been in baseball a half century.

"I'm going to retire when I'm forced to retire," he said. "This is my life—baseball. I'm going to stay in it until I'm physically unable to continue."

The Lucy Rees made stronger their lead in the State Soccer League by defeating the Fore River eleven, 3 to 2, at Fore River Field, Quincy, before a large crowd. The game was contested bitterly and time was rough.

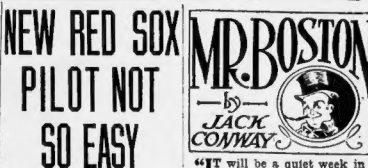

The ability of the Lucy Rees to hold the long run at the Quincy eleven weakened as the game progressed.

Bob McIntyre, racy center of the Lucy, was the star of the game. He banged home two of his team's goals. These were reminiscent of his play in the opening goal which came five minutes after the start.

Amie Oliver, the former Pawnee star, in his first game for the Lucy, proved a big asset in the attack of the winners and his aggressiveness accounted for the opening goal which came five minutes after the start.

Fall River Wins Soccer Game, 5-2
New York, Dec. 23.—The Fall River soccer team kept its unbeaten record intact at the top of the Atlantic Coast League by scoring a grand 5 to 2 victory over the New York Nationals, at the Polo Grounds.

Fall River's start was of the sensational order with Fall River, scoring from the kick-off and their rivals coming through with another to tie up the count with only a minute to go. New Englanders were in two more before half-time when they were in front by 3 to 1.

QUESTIONING a considerable number of fans over the weekend as to what they thought of the appointment of "Heinie" Wagner as manager of the Red Sox, we learned that the majority were satisfied, but that most of them had a very mistaken opinion as to the sort of person Bill Carrigan's successor is.

Nine out of every ten of those queried opined that Wagner was a baseball man, and that his club would be smart, but that he would be a far less severe taskmaster than Carrigan.

Now it isn't surprising that local fans have gained that impression of Wagner. To all outward appearance, the new Sox pilot is a quiet, easy-going person who likes nothing better than peace, and hates nothing worse than trouble.

Still, nothing could be further from the truth. "Heinie" is quiet and peaceful most of the time, but he can be as rough, tough and nasty as the next one if he chooses.

He proved that when he was a player and also since returning to the game as a coach. The fact that Carrigan is often referred to as "Old Rough" is but one of the signs of the man who would win far better than the Lewiston square.

CARRIGAN may have been the sternest of the two who were active players, but the passing years have softened the reticence of Carrigan. "Heinie" told them about it in an uncertain tone.

And opponents and umpires, too, were leashed as hard, if not harder, by Carrigan as they were by the chief. "Heinie" has yet to prove the legends that Carrigan was a fact, few in the history of baseball have been as great in this respect.

BUT the new boss, while very new to the game, can rule with as firm an iron hand as any of the hard-boiled grounders, if necessary.

He probably won't have many occasions to be strict next season for the veteran players know that they can get nothing out of him and that he will stand for no fooling.

Both cast and wit would make a formidable team. Carrigan, who has been in the game for 23 years, is a tough and steady workman who will be a great asset to the team.

The selection of McClellan as Wagner's right eye doesn't appeal to the fans, but it is a fact that they admit that while they are not sure of the results, they can't say anything against him.

The truth of the matter is that the new coach is virtually unknown to the fans, and that he is acting in the capacities of manager, coach and scout for American League teams for nearly 10 years.

His name rarely appeared in the past except for the fact that he was managing Cleveland, and since he wasn't a success in that berth, the fans are more or less skeptical of him.

THERE have been so many baseball failures in the past that it is hard to see how any one boy or girl just naturally turn out to be a baseball player. It has never been associated with one.

Hence their refusal to get into the game. The new manager of McClellan and their regret that Carrigan's victory complex didn't land the job.

Connie Mack Works on 67th Birthday
PHILADELPHIA, Dec. 23—Connie Mack, veteran leader of the Philadelphia Athletics, is 67 today and put in his time in his tower office at Shibe Park.

"I'm not much of a hand for paperwork," said the dean of major league managers, "and anyhow, I have another birthday. I've had a lot of them. It will be an ordinary day in my life, but I think Mrs. Mack is planning a little dinner somewhere and perhaps we will go to a theater. That will be the extent of the celebration."

Mack put an end to speculation that he was retiring, and turning over the managerial reins to a younger man. He has directed the Athletics for 23 years and has been in baseball a half century.

"I'm going to retire when I'm forced to retire," he said. "This is my life—baseball. I'm going to stay in it until I'm physically unable to continue."

The Lucy Rees made stronger their lead in the State Soccer League by defeating the Fore River eleven, 3 to 2, at Fore River Field, Quincy, before a large crowd. The game was contested bitterly and time was rough.

The ability of the Lucy Rees to hold the long run at the Quincy eleven weakened as the game progressed.

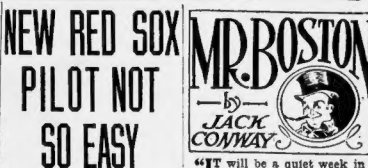

Bob McIntyre, racy center of the Lucy, was the star of the game. He banged home two of his team's goals. These were reminiscent of his play in the opening goal which came five minutes after the start.

Amie Oliver, the former Pawnee star, in his first game for the Lucy, proved a big asset in the attack of the winners and his aggressiveness accounted for the opening goal which came five minutes after the start.

Fall River Wins Soccer Game, 5-2
New York, Dec. 23.—The Fall River soccer team kept its unbeaten record intact at the top of the Atlantic Coast League by scoring a grand 5 to 2 victory over the New York Nationals, at the Polo Grounds.

Fall River's start was of the sensational order with Fall River, scoring from the kick-off and their rivals coming through with another to tie up the count with only a minute to go. New Englanders were in two more before half-time when they were in front by 3 to 1.

Gifts are hardest to place at Christmas time. I have solved the problem by thinking up the ideal gift—A Ready-Packed Trunk, which can be used for traveling or getting out of the house quickly. Each trunk, of Aunt Betta's Traveller Chest, contains clothes for wearing, the hair, comb, brushes and tooth brush, two pairs of slippers, clean underwear, an old towel, a combination safety pin and the trunk, amusements and perhaps something that takes up space but is light and easy to carry, such as feathers.

"The temptation to go to the devil increases with age," says President A. Lawrence Lowell of Harvard.

Which is true enough. But the sad part about it all is that the facilities practically disappear. The best idea is to decide early in life what course of action you prefer to regret in your old age.

"The sun" is the sun. But it is not shining in the night. Sometimes in the morning the clouds don't let him shine so he waits with happy face. And when clouds go away he laughs to see the world so happy which he has taken a bath.

FAMOUS RACKETEERS

This is Gus Smith, who perfected a competitive coin-in-the-slot device for cafe radios. Any patron may turn on the loud speaker reception by depositing a nickel in the slot, after which a dinner is required to shut it off, and so on up to 50 cents. After this point he gambled the whole thing to five cents again and continues up and down indefinitely.

Headline says: GIRL WEDS TRAFFIC OFFICER WHO ARRESTED HER. That's one way to get even. NOW ABOUT A NICE SILVER PLATTER? (Cincinnati Post)

If liquor traffic came, and other law breakers could be found along on the highway of crime, the police would like to have some law and order.

As far as that goes, so would everybody else.

Water Does Damage to Freight at Lowell. Lowell, Dec. 22.—Water caused much damage in the best freight houses of the Boston & Maine railroad when fallen air pressure in the spunkier system caused the regulator to go off of order.

Prompt action on the part of John A. Connor, assistant superintendent of the Portland Division of the railroad, who left off the freight train, saved the freight from being lost.

Several important business deals have been made in Chicago. One of the most important is the sale of the Chicago & North Western Railway Company, which has been sold to the Great Northern Railway Company for \$100,000,000.

Another important deal is the sale of the Chicago & Western Indiana Railway Company, which has been sold to the Great Northern Railway Company for \$10,000,000.

These deals are part of a larger plan to consolidate the Great Northern Railway Company, which is the largest railway company in the United States.

The plan is to create a new railway company, the Great Northern Railway Company, which will own and operate all the Great Northern Railway Company's lines in the United States.
